

WORLD OF LABORATORY

EXHIBITION PROGRAM / PRODUCT GROUP

LABORATORY EQUIPMENT

General Laboratory Equipment

Incubators and drying ovens, high temperature ovens, centrifuges, freezers, stirrers, milling equipment, agitator and stirring equipment, heating and cooling equipment, laboratory monitoring equipment, demi waters systems, thermostatic water baths

Laboratory Design

Laboratory furniture, acid and filter cupboards, extractors, technical services, glove boxes

Cleanroom

Building, lay out, cleaning, maintenance

Sterilisation and Disinfection Equipment

Mechanical, ultrasonic, liquids, thermal disinfection, laboratory equipment water purification, laboratory washing machine

Laboratory Consumables

Labo chemicals organic, biochemical, microbiological

Gases

Cryogenic, bio-culture gases, medical gases

Disposables

Pipettes, glasswork, clothing, safety articles

Vacuum Equipment

Pumps, systems, components

SERVICE

Calibration, validation, maintenance, education, accreditation, recruitment, contract laboratory services

ANALYTICAL & OPTICAL INSTRUMENTS

Analytical Instruments

Chromatography (gas/liquid), spectrometry (UV/VIS, atomic absorption, infrared spectrometry, X-ray fluorescence, fluorescent, organic mass, Raman), capillary electrophoresis, thermo analysis, TOC, ICP, ICP/MS, rheology, analytical sensors

Optical Instruments

Microscope accessories, biomedical optics, industrial optics, stereo microscopes, Raman microscope

LIFE SCIENCES EQUIPMENT & DIAGNOSTICS

Biotechnology

Image analysers, electrophoresis equipment, bioreactors, homogenisers, membrane separators, disintegrators, climate cupboards, spectro photometers, flow cytometers, micro array equipment

Genomics

DNA sequence analysis, PCR polymerase chain reaction, real-time PCR, genotyping

Proteomics

Protein analyse, protein mass spectrometry, proteincharacterisation, protein sequence analysis

Diagnostics

Control sera, invitro diagnostics, media for microbiology, reagentia, analysis equipment, self tests, pathology transit equipment

Analytical services

LAB AUTOMATION

Lab Robot Products/Systems

Sampling, sample treatment, sample management, robotics

Laboratory Information Management Systems (LIMS)

Hardware & software products/systems, system integration, lab data analysis systems
