

ABB Ability[™] CEM-DAS with Collaborative Operations Center

Optimal monitoring & maintenance performance for 70+ sites

Productie Proces Automatisering

Introduction

Homi Sihombing

Digital Lead ABB Benelux

homi.sihombing@nl.abb.com

in homi-sihombing

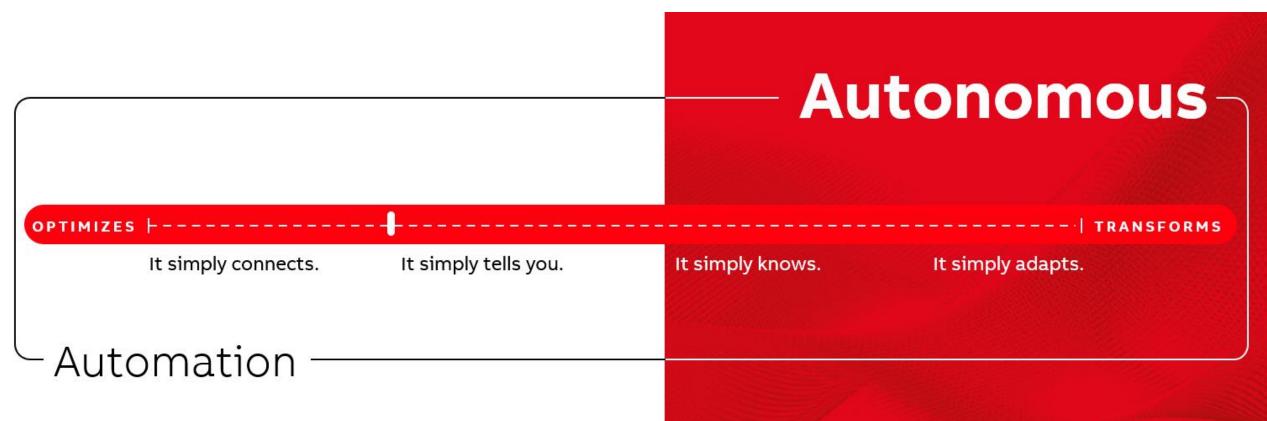

Productie Proces Automatisering

ABB view on digitalization

Productie Proces Automatisering

To comply to Industrial Emission Directive 2010/75/EU.

What is the health status of the analyzers?

Lack of expertise.

Other higher priority.

Productie Proces Automatisering

How-to?

How to overcome this situation in an effective way?

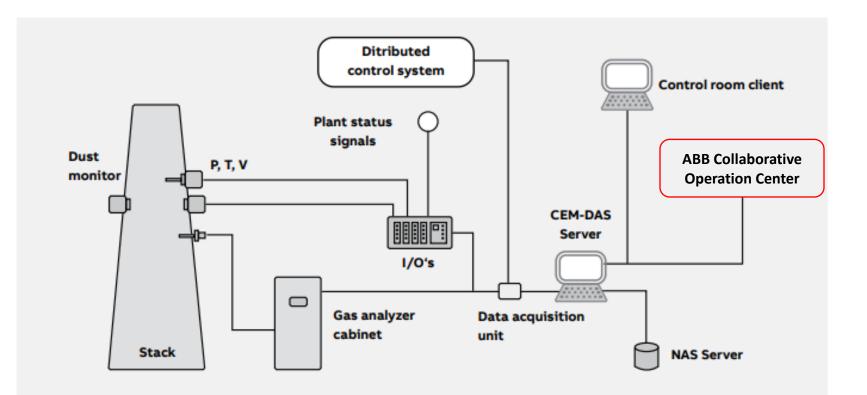

Productie Proces Automatisering

Analyzers Condition Monitoring Service

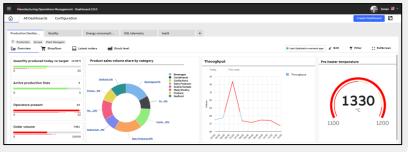

Productie Proces Automatisering

ABB Collaborative Operations Center

Remote monitoring and reporting

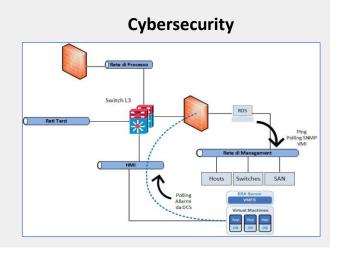

Support Case Tracking (h24)

Productie Proces Automatisering

What if?

What if we can make it more efficient?

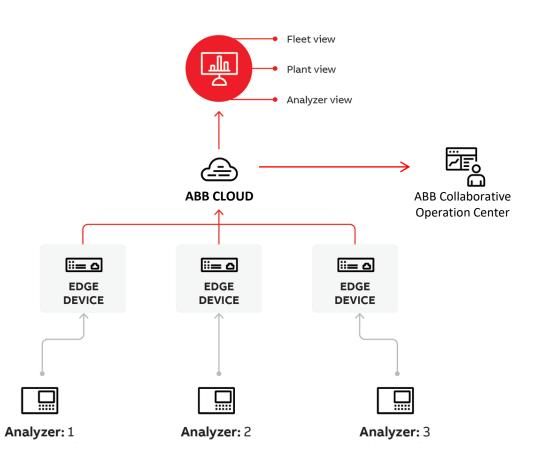

Productie Proces Automatisering

Moving Forwards

- Scalable & Secure
- Continuous data acquisition & data analysis
- Automatic report generation
- Remote support
- On-time site intervention
- AI/ML to support predictive maintenance

Productie Proces Automatisering

The Benefit

- Long term data repository
- High reliability and availability
- Early detection of fault
- AI/ML to support predictive maintenance
- On-time site intervention

Productie Proces Automatisering

What if we expand it further?

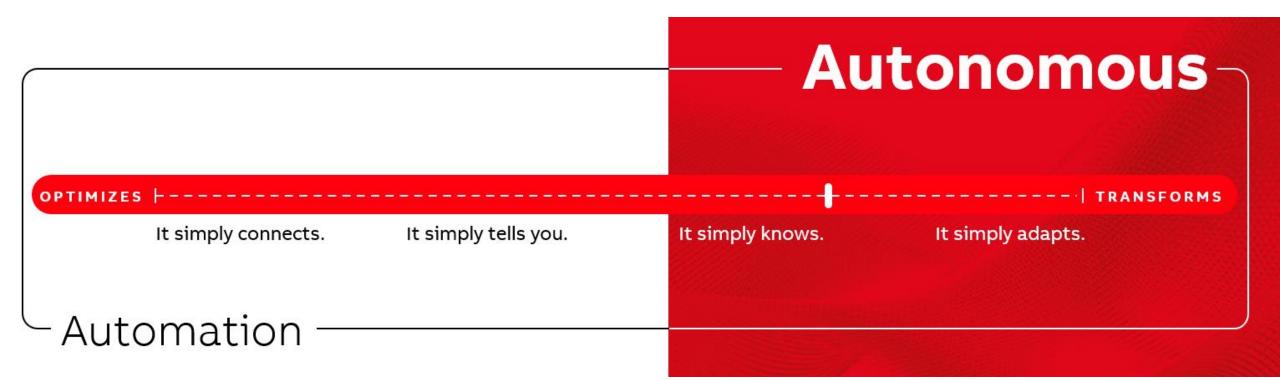

Electrical equipment Field instruments Rotating equipment Static assets

Productie Proces Automatisering

Through digital transformation journey
