

## Stand building regulations Electronics & Applications 2017

Only standard stand construction will be used during Electronics & Applications 2017, provided by Arti '70 Exhibitions.

All the stands have the same **standard stand requirements**:

- Partition walls 250 cm high, system white
- Carpet tiles anthracite
- Blue display frame with white lettering name
- Lockable store 2m x1 m (stands < 21 m<sup>2</sup> 1x1 m)
- Electrics; 1 kW main connection
- 1 double socket
- 1 spotlight per 4 m<sup>2</sup>
- Power consumption for spotlight and double socket
- Furniture option 1 (1x table 603W, 2x chair 121) or Furniture option 2 (1x table 603Z, 2x chair 126) or Furniture option 3 (1x table 616W, 2x bar stool 503) (click [here](#) to see the different furniture options)

### Regulations

- The exhibitor can decorate the stand on the inside. He/she does need to stay within the stand dimensions.
- It is not allowed to close the wall of the stand on the side of a aisle. A maximum of 50% of the stand on the side of the aisle may be closed.
- The maximum allowed construction height, including any wooden floor, is **250 cm**.
- On the blue display frame the white lettering company name will be mentioned (no logo allowed).
- The exhibitor can choose the colour of the carpet tiles. If you choose for another colour than anthracite, you need to inform Arti '70. You will receive a reply form for the carpet tiles from Arti '70.
- It is allowed to place your own carpet above the standard carpet tiles. **Never remove** the carpet tiles from the organisation.
