

## Participation Rates WoTS 2024

The organization offers various options for stand construction for participation in the WoTS. For example, it is possible to opt for free stand construction, but complete stands are also offered in collaboration with our stand builder. The complete stands are available in three variants: Basic Standard, Premium Eco and Wood construction Professional. All stands are available from 16 m<sup>2</sup>.

### Free stand construction

With free construction, members of FHI, Machevo&Bulk and FEDA pay €138,- per square meter. Non-members pay €233,- per square meter. The participant takes care of the stand construction and furnishing of the stand. The rates for free construction do not include the visitor registration. The mandatory cost for this is €6.90 per square meter for members. Non-members pay €7,64 per square meter.

### Standard stand construction

In collaboration with our stand construction partners, the organization offers complete stands at attractive rates. You save time and at low costs your company still gets a professional appearance. These stands can be further decorated with various options.

- **Basic Standard**

The standard stand construction consists of floor rental, carpet tiles, modular walls, storage, spotlights, display frame, electricity and the costs for the visitor registration.

- **Premium Eco**

Premium stand construction is made of aluminum frames with Palboard Eco panels. The Premium Eco consists of floor rental, carpet tiles, frameless Aluvision walls, eye-catcher wall with storage, spotlights, display frame, electricity and the costs for the visitor registration. There are multiple options to personalize the stand. This stand construction is provided by our stand construction partner A-Booth.

- **Wood construction Professional**

This stand construction contains floor rental, carpet tiles, wooden walls, eye-catcher wall with storage, electricity and the costs for the visitor registration. The Professional stand can be expanded with various options for furniture and a kitchen unit. Due to the combination of various variations, possibilities and timber construction, this stand construction has a luxurious appearance. Our stand construction partner for these stands is Lasso Events.

Visit [www.wots.nl/downloads](http://www.wots.nl/downloads) for more information and specifications about the stand construction options.
