- Partition walls 250 cm high, system white
- Carpet tiles anthracite
- Blue display frame with white lettering name
- Lockable store 2m x1 m (stands < 20 m<sup>2</sup> 1x1 m)
- Electrics; 1 kW main connection
- 1 double socket
- 1 spotlight per 4 m<sup>2</sup>
- Power consumption for spotlight and double socket
- One time final cleaning on the delivery of the stand
- Choice out of 3 furniture options. Click [here](#) to see the different furniture options.

---

### Regulations

- The exhibitor can decorate the stand on the inside. He/she does need to stay within the stand dimensions.
- It is not allowed to close the wall of the stand on the side of a aisle. A maximum of 50% of the stand on the side of the aisle may be closed.
- The maximum allowed construction height, including any wooden floor, is **250 cm**.
- On the blue display frame the white lettering company name will be mentioned.
- The exhibitor can choose the colour of the carpet tiles Please see the online exhibitor manual to read how to order a different colour.

It is allowed to place your own carpet above the standard carpet tiles. **Never remove** the carpet tiles from the organisation.

---

### Options
